INTERNATIONAL CLINICAL LABORATORY WEEK

International Clinical Laboratory Week is an event or observance that promotes awareness and recognition of the contributions made by clinical laboratories and laboratory professionals in healthcare. It is celebrated all over in April 22-27. This year observation under the theme: 'Medical Laboratory Professionals get results', then it is useful for me to share with the public aspects of the operating environment that are necessary in such a vital service.

The main objectives of International Clinical Laboratory Week include: Raising awareness: Educating the public and healthcare professionals about the importance of clinical laboratories in disease diagnosis, treatment, and prevention; recognizing laboratory professionals: Acknowledging the dedication and expertise of the individuals working in clinical laboratories; and Promoting quality and safety.

KMCT college of Allied health sciences celebrated the international clinical laboratory week on 21st April 2018 with varieties of activities. The programme was inaugurated by Prof. Santhesh S (Principal, KMCT CAHS). The students of Bsc.MLT conducted a survey on and blood grouping programme for the neighborhood community. It was a beneficial programme for those who have difficulty to go to a clinic or hospital to know their blood group. All the details were documented and a detailed analysis of average blood group percentage also done. They have also conducted a poster presentation competition and the winners were appreciated. Fifty five students and ten teachers were participated.

WORLD AIDS DAY

World AIDS Day, is observed annually on December 1st. It is a Global Day of Commemoration and solidarity in the fight against HIV/AIDS. The theme for World AIDS Day 2018 was "Know Your Status." This theme emphasized the importance of HIV testing and knowing one's HIV status as a crucial step in the fight against HIV/AIDS. The theme aimed to promote awareness about the benefits of testing, early diagnosis, and access to treatment and care for those living with HIV.

The world AIDS day in 2018 was celebrated by KMCT students' union in collaboration with Mulkam municipality with an awareness cycle rally on 1st December 2018. It was inaugurated by Prof. Santhep S (KMCT CAHS). The rally was started at KMCT Medical College and students of KMCT CAHS (BSc.MLT, RPT, BSc. Optometry) were actively participated in the programme. Through this programme the public had awareness about the AIDS disease and preventive measures of the same.

Two hundred and sixty six students and sixteen teachers were participated.
